BULLDOZER

Best-in-class access to service and maintenance points for maximum uptime

Rhino Dozers combine incredible versatility to handle a wide range of jobs with innovations that help you do those jobs better, faster and more efficiently. These crawler dozers are ideal for residential construction performing such tasks as clearing and grading lots, sloping the sides of roads, back-filling, and final grade work for landscaping and driveway construction.

1. Standard high-back seat and lower cushion adjust multiple ways for daylong comfort and support.

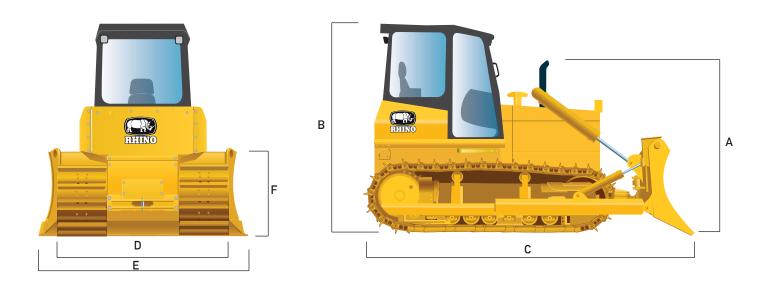

- 2. Easy-to-read, high-visibility gauges and warning lamps keep the operator aware of critical system information.
- 3. Speed travel can also be varied to fit specific applications, terrain conditions, or operating preferences.

OPTIONS

Rhino Dozers can come with PAT blades, material handling blades, and many other custom options according to client requests.

Tier 3, Tier 4 engine.

Dozer base operating information is based on machine with identified linkage and standard equipment, standard shoes, full fuel tank, and 79-kg (175 lb.) operator. This information is affected by changes in shoes, blade, and different attachments.
