EXCAVATOR

Unprecedented precision and ease of operation.

This Rhino excavator is loaded with enhancements that not only increase productivity and uptime, but lower daily operating costs, too. A high-efficiency "on-demand" cooling system, advanced multifunction monitor, and productivity modes to allow you to choose your digging style headline the long list of advances.

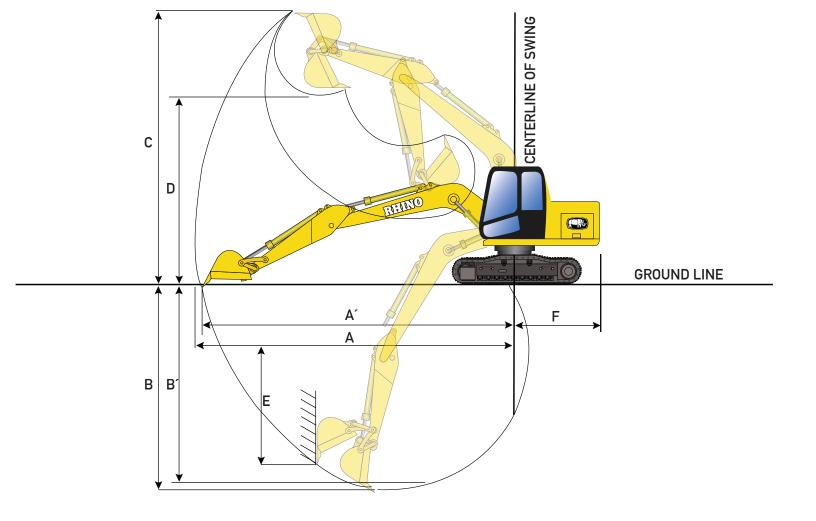

- 1. Level climate-control system with automotive-style adjustable louvers helps keep the glass clear and the cab comfortable.
- 2. LCD monitor provide intuitive access to a wealth of information and functions.
- 3. Ergonomically correct short-throw pilot levers provide smooth, predictable fingertip control with less movement or effort.
